PLUNKETT FOUNDATION'S GUIDANCE NOTES FOR USE OF THESE MODEL RULES

These Guidance Notes are not part of the Model Rules and are not formulated by the FCA

Using these Model Rules

The use of model rules for the registration of new societies is intended to save costs on application. At the current time (February 2017), an application to register a new society using model rules without any amendments to the model costs £40. The costs increase as the number of amendments to the model increases (between 1 and 6 amendments - £120; between 7 and 10 amendments - £350; 11 or more amendments - £950). Completing blanks in the model (eg inserting the name of the society) does not count as an amendment.

Rule 1.1 Insert the proposed name of the Society. The name, which will include the word "Limited", needs to be available and acceptable, and for guidance on this see:
<https://www.fca.org.uk/publication/finalised-guidance/fg15-12.pdf>

Rule 1.2 The registered office, which is the place to which all communications and notices to the society may be addressed, must be in Great Britain or the Channel Islands.

Rule 3.3.1 The model rules provide for a minimum age to be specified. Unless a minimum age is stated in the rules, the law presumes that there is no minimum age for members. Where under these rules substantial share capital is to be raised from members, Plunkett Foundation recommends that legal advice is taken if the minimum age is to be lower than 16. Subject to that, it recommends that the minimum age is not lower than 14.

Rule 3.3 It has been suggested that 51% of the total membership should be comprised of local residents. This could be hard to police or enforce. It can be up to the Board to use 'reasonable endeavours' to ensure that at all times at least 51% of members are local.

Rule 5.1 The recommended size of a Management Committee is for a maximum number of 12 members.

Rule 5.8 The statutory minimum age for serving on the Management Committee is currently 16.

Rule 5.9 The Management Committee must adopt a code of conduct. A template code of conduct is set out following these Guidance Notes below, which can be adopted in that form, or amended.

Rule 5.11 Where possible, it is preferable for the Chairperson, Secretary and Treasurer to be elected from amongst the elected members of the Management Committee.

Rule 7 It is our preference that no new rule should be made or any of the rules repealed or altered without first discussing the suggested changes with Plunkett Foundation.

Rule 8

These model rules only provide for withdrawable shares. No member of a registered society may have any interest in the withdrawable shares of the society exceeding £100,000 being the statutory maximum, with limited exceptions.

While a society can increase the shareholding limit in its rules to £100,000, it should consider, based on its circumstances and the views of its members, whether it is appropriate to do so.

Community Shares Unit guidelines advise restricting the maximum individual investment to 10% of its total capital requirements. This will reduce the risk of the society being dependent on larger investors, which in turn could create liquidity problems if a larger investor wants to withdraw share capital. Exceptions can be made for institutional investors, as long as safeguards are in place to protect the interests of other members.

<https://communityshares.org.uk/resources/handbook/minimum-and-maximum-shareholdings>

It is recommended that a society should seek legal advice if it wishes to amend these model rules to permit shares that are not withdrawable.

Rule 8.4.1 This rule is most often applied during a start-up period. If in the future you want an open offer for members to join or leave the Society on a regular basis, this three year period should be reviewed.

Rule 8.4.2 Application for withdrawal – if withdrawals are to be made available from trading profits rather than reserves, the management committee, at their absolute discretion, can allocate a proportion of profits for the repayment of share withdrawals. This means that withdrawals will be made after the Society's year end and any requests that cannot be funded from that years allocation will need to be carried forward until the following year, or until the request can be met. We suggest a withdrawal policy be made available or included in an application for withdrawal that explains that withdrawals may not be paid immediately following three-month's notice period.

Rule 8.4.5 Plunkett Foundation recommends issuing a withdrawal policy to make the terms clear to investors. You may want to consider distribution on a pro-rata basis if applications for withdrawals are over-subscribed.

Rule 8.5 Plunkett Foundation recommends issuing a payment of interest policy to make the terms clear to investors. This may be by deciding a minimum level that attracts interest in line with the rules, whether payments will be made by adding to a share account or by vouchers, bank transfers etc.

Rule 9.6 A deposit for the purpose of 9.6 is referring to deposits as defined by regulation 5 of the Financial Services and markets Act 2000 (Regulated Activities) order 2001. The definition of the Order classes deposits as either:

- Money received that is lent to other; or
- Money used to finance to a material extent any other activity of the deposit taker.

Our advice is that this excludes reverse credits.

Rule 10 These provisions apply where these model rules are adopted upon first registration. Where that is not the case, these provisions should be deleted.

Rule 11 These provisions apply where these model rules are adopted on a complete change of rules. Where this is not the case, these provisions should be deleted.

3.2 What is the business of the society? For example, will you be providing social housing, running an amateur sports club, etc.

You will find a full list of codes here: <http://resources.companieshouse.gov.uk/sic/>

56302 public houses and bars

We need to be satisfied that a community benefit society is conducting its business for the benefit of the community. The conduct of a community benefit society's business must be entirely for the benefit of the community.

3.4 Please describe the benefits to the community the society aims to deliver? Here we are looking to see *what* the intended benefits to the community are. Community can be said to be the community at large. For example, are you relieving poverty or homelessness through the provision of social housing.

Knoydart is a small peninsula on the west coast of Scotland. The Old Forge Pub is the only pub on the peninsula. The present owners have put the pub up for sale. At present the pub is shut for 6 months of the year and caters almost exclusively to a small section of the visitor market.

Our vision of the part the pub could play as part of the local community infrastructure is: "A vibrant and environmentally conscious community-owned pub, welcoming to all and investing in the regeneration and stability of Knoydart."

We strongly believe that community ownership of this key asset will ensure a shared commitment to the pub's success, and bring benefit to people staying on Knoydart and visitors alike.

Our goals/aims are:

- a friendly and inclusive social hub that is welcoming to residents and visitors the whole year.
- an environmentally conscious business
- year-round employment
- training and career development opportunities
- active collaboration with local businesses and organisations to offer complementary services to the community and visitors
- a sustainable, robust business that invests profits back into the community,
- support local producers, in turn improving the circular economy

3.5 Please describe how the society’s business will deliver these benefits?

The business of the society must be conducted for the benefit of the community. Please describe *how* the society’s business (as described in answer to question 3.2) benefits the community.

Stability and service. The community pub would be open all week and all year. Opening times would be properly notified. This would be the dependable core of the pub’s offer. The community, the business community and the visitors would be able to plan in the long term. Being a community pub would mean that the business would be answerable to its customers. The pub would also offer full-time/long term employment with the opportunity of enhancement. This would enable a better service to the customers but would also pass over the benefits of stable employment to the community - people could plan to stay on the peninsula. People could plan a career.

Knowledge. The community pub would be able to access insight into local, business and visitor concerns and advice. It could then tailor services and develop collaborative approaches to projects and services.

Sustainability. The community pub would be able to develop working practices that support the local economy and environment. It would be in touch with local concerns and be able to work to address them. Examples might be - packaging, food miles, carbon footprint.

Re-investment. The basic model of the business will be based around: capital reserve accumulation, real living wage/salary payment, re-investment in the facility and finally, as capital reserves allow, support to other community and collaborative projects.

3.6 Does the society intend to work with a specific community, and if so, please define it here? For instance, will the society's activities be confined to a specific location; or to a specific group of people? Please note that in serving the needs of any defined community, the society should not inhibit the benefit to the community at large.

The society's activities will be confined to the Knoydart peninsula area and the whole of the community within it. This includes the South Knoydart Community Council boundary, the Kyles Morar and Tarbet area of PH41 4PP, the part of IV40 8JJ that lies west of Barrisdale, and Barrisdale PH35 4JN

3.7 In what ways does the society intend to raise funds to set up and run its business? For instance, are you intending to apply for grants, seek capital from members, take out a loan.

The funding streams we are intending to use are:

1. public grants - Initially a funding application to the Scottish Land Fund.
2. members share issue
3. crowdfunder appeal

3.8 What will the society do with any surplus or profit? For instance, will money be reinvested in the business; put into reserves; used for some other purpose?

Surplus/profit will be reinvested into the business to maintain and improve facilities and to ensure sufficient reserves are in place. Any remaining surplus/profit will be used for the benefit of the local community.

In order to satisfy ourselves that the society is conducting its business for the benefit of the community, we need to understand the society's relationships with other key stakeholders.

3.9 Please state any significant commercial arrangements that the society has, or intends to have, with any other organisation that could create, or be perceived as creating, a conflict of interest. Please tell us how you will ensure that any such conflicts of interest do not prevent the society from acting for the benefit of the community.

none

3.10 Please state any close links which any of the founding members or directors has, or intends to have, with any society, company or authority.

'Close links' includes any directorships or senior positions held by directors or founding members of the society in other organisations.

Stephanie Harris (member and secretary)- South Knoydart Community Council

David Newton(member and main contact) - Director Knoydart Trading.

3.11 On what date do you want the society's financial year to end? This is the date the society's financial year will end, every year after the society is registered. If you have a preference (e.g. 31 March) please specify that here. If you do not select a date the society will be given the anniversary of the last day of the month it was registered in.

3	1	/	0	3
---	---	---	---	---

Asset lock

3.12 Has the society included the community benefit society statutory asset lock in its rules? Please note that a society with a statutory asset lock in its rules cannot remove it. The asset lock is only available to community benefit societies other than regulated housing associations or charities.

Yes

No

Charitable objects

3.13 Are the society's objects intended to be charitable? Whilst we are not responsible for regulating charities, we need to know this because societies whose objects are wholly charitable are subject to a number of requirements in the Act.

Yes

No

3.14 If charitable, what is your charitable purpose? Charity law in England and Wales differs to that in Scotland. If in doubt please refer to the charity legislation relevant for the area you are in. Please note that we will not assess whether your stated purpose meets the legal criteria for a charity.
